

Jennifer Edelheit, CPA

Executive Director

UBS Asset Management

Jennifer is the Head of Active Equities Business Management. She is responsible for all non-investment aspects of the business, including analysis and implementation of strategic projects, establishment of the appropriate operational risk control, administrative and reporting framework, vendor relationship management and the day-to-day logistical and managerial aspects of the business. Jennifer has been in this role since 2014. Prior to being in this role, Jennifer held several roles on the Financial Control team, including Business Controller aligned to the Active Equities business and Financial Accounting Manager.

Prior to joining UBS in May 2004, Jennifer was an assurance associate at PricewaterhouseCoopers.

Years of investment industry experience: 17

Education: University of Iowa, BA; Kellogg School of Management, MBA
